# How Often People Visit Parks

How Often Did You Visit a Park During the Past Year? (157 responses)

Survey participants were asked how often they visited a park during the past year. All but four respondents answered this question. Of those people, more than 70% indicated that they had visited a park. More than 40% visited a park less than once a month, while 17.2% visited a park monthly. Less than 1% of survey participants stated that they visited a park daily.

# Where They Go

Of the 157 people who answered this question, 107 identified which parks they visited. The table below shows the frequency that each park was mentioned, and the map shows the location.

	Park Name	Number of Respondents
1	Lewis Park	51
2	Women's Club	32
3	Thomas Mitchell Park	10
4	Conway Park	9
5	Mineral Springs Park	8
6	Kelly Field Park	5

# Colfax
