Proposed Triangle Park Trailhead improvements.

Residents asked for improvements along existing trails such as the trail around Triangle Park.

Proposed Triangle Park enhancements include a picnic shelter, bike repair station, tree plantings, signage, and exercise stations.

Triangle Park Trailhead

Triangle Park features a loop trail with parking, benches, a little free library, and shade trees. Additional amenities could be added to this park to make it a destination trailhead. The design team is proposing the addition of a picnic shelter, bike repair station, and several outdoor exercise stations. Community-wide improvements such as solar lighting, trash receptacles, benches, and signage could also be added along the existing trail.

Additional trail connections to the north along Jackson Avenue and east along Enterprise Drive will link Triangle Park to the proposed community-wide trail system.
