

How Often People Visit Parks

How Often Did You Visit a Park During the Past Year? (173 responses)

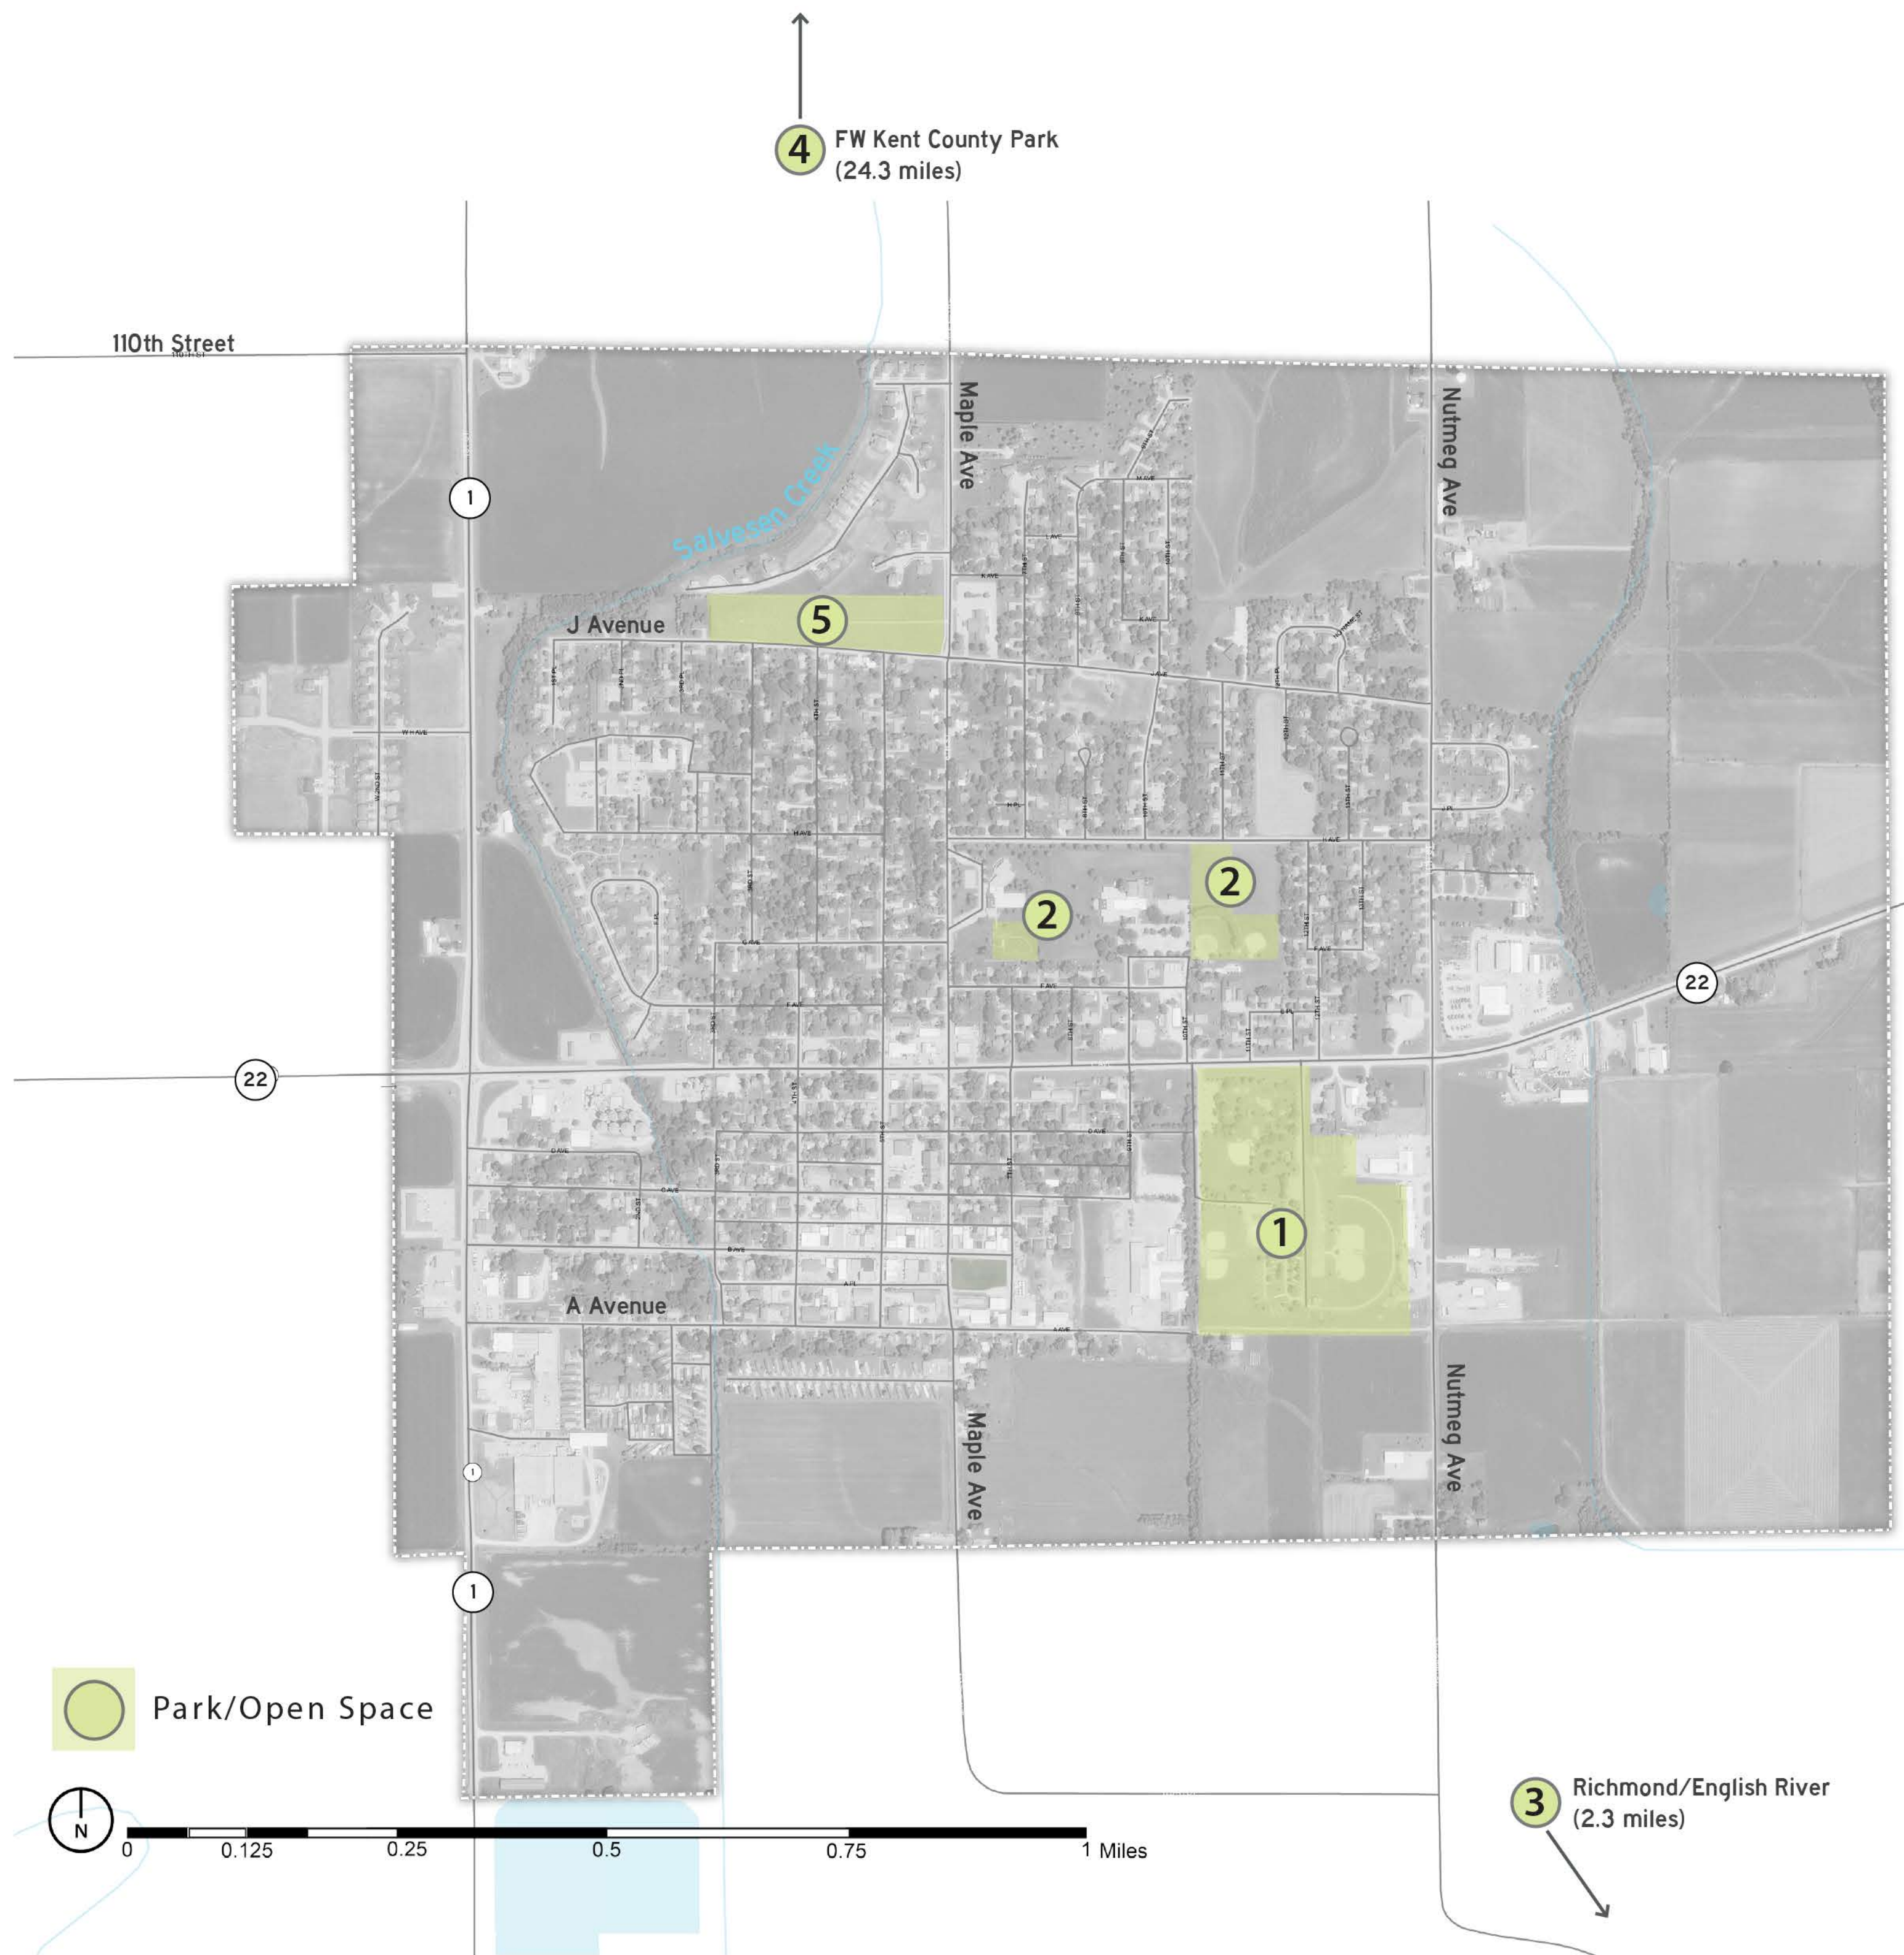

Survey participants were asked how often they visited a park during the past year. All but two respondents answered this question. Of those people, almost 75% indicated that they had visited a park. More than 46% visited a park less than once a month, while 15% visited a park monthly. Just over 1% of survey participants stated that they visited a park daily.

Where They Go

Of the 173 people who answered this question, 115 identified which parks they visited. The table below shows the frequency that each park was mentioned, and the map shows the location.

	Park Name	Number of Respondents
1	Kalona City Park	102
2	Elementary School Park	16
3	Richmond/English River	5
4	FW Kent County Park	2
5	Sharon Hill Cemetery	1
