

Rain Garden West of Elementary School

Stormwater Management

Community members also indicated a desire to develop rain gardens in front of the Elementary School. The rain gardens along 6th Street satisfy two agendas, they are an educational tool, and they infiltrate stormwater runoff.

Detention Basin Near Intersection of Highways 1 and 22

The intersection at Highway 1 and 22 experiences standing water and also needs improved stormwater management. A detention basin has been proposed at each of the four corners of the intersection. Native plant suggestions for all of the stormwater practices proposed for Kalona are listed below and can be found in the *Iowa Rain Garden Manual*.

Asclepias tuberosa
Butterfly Milkweed

Bouteloua curtipendula
Sideoats Grama

Bouteloua gracilis
Blue Grama

Carex vulpinoidea
Fox Sedge

Echinacea pallida
Pale Purple Coneflower

Liatris pycnostachya
Prairie Blazing Star

Schizachyrium scoparium
Little Bluestem

Symphyotrichum sericeum
Silky Aster

Veronicastrum virginicum
Culver's Root

Zizia aurea
Golden Alexander
