

Plan view of Triangle Park detailing additions to the space.

View of the space for entertaining and the tiered fountain within Triangle Park.

View looking north showing the relationship of the park to the adjacent businesses.

Triangle Park

The beloved Triangle Park is the principal spot for meeting in McGregor's downtown, thus warranting investment in expanding its plaza onto 1st Street and adding parking on Dr. Smith Street. The sort of improvements that will be seen at this spot include outdoor dining tables, lowered conversation firepits, and additional plantings that amplify the sense of refuge. Removable ballards would add safety while permitting service vehicles to enter the park if need be. Brickwork would be redone in spots to accommodate street tree plantings, and the end product will improve the elegance of the park space as well as water infiltration for surrounding businesses.
