

Proposed plan view of the Stanton Entertainment Complex.

# Stanton Entertainment Complex

## Stanton Entertainment Complex

Stanton's steering committee expressed the need for a community social venue for concerts and other community events.

The development of the Stanton entertainment complex includes an amphitheater space as the centerpiece. This space allows for live music and other community social gatherings.

The historic gas station anchors the corner of Frankfort Street and Broad Avenue. Additional areas within this development include the food-truck plaza (on Broad Avenue), the splash pad and restroom shelter, and the basketball court. All of these areas create a variety of family-oriented activities.

Proposed splash pad.

Proposed amphitheater.

Proposed food-truck plaza.
