

Trail Near Durant Elementary School

Maple Street: No Sidewalks

Road End of S Maple Street

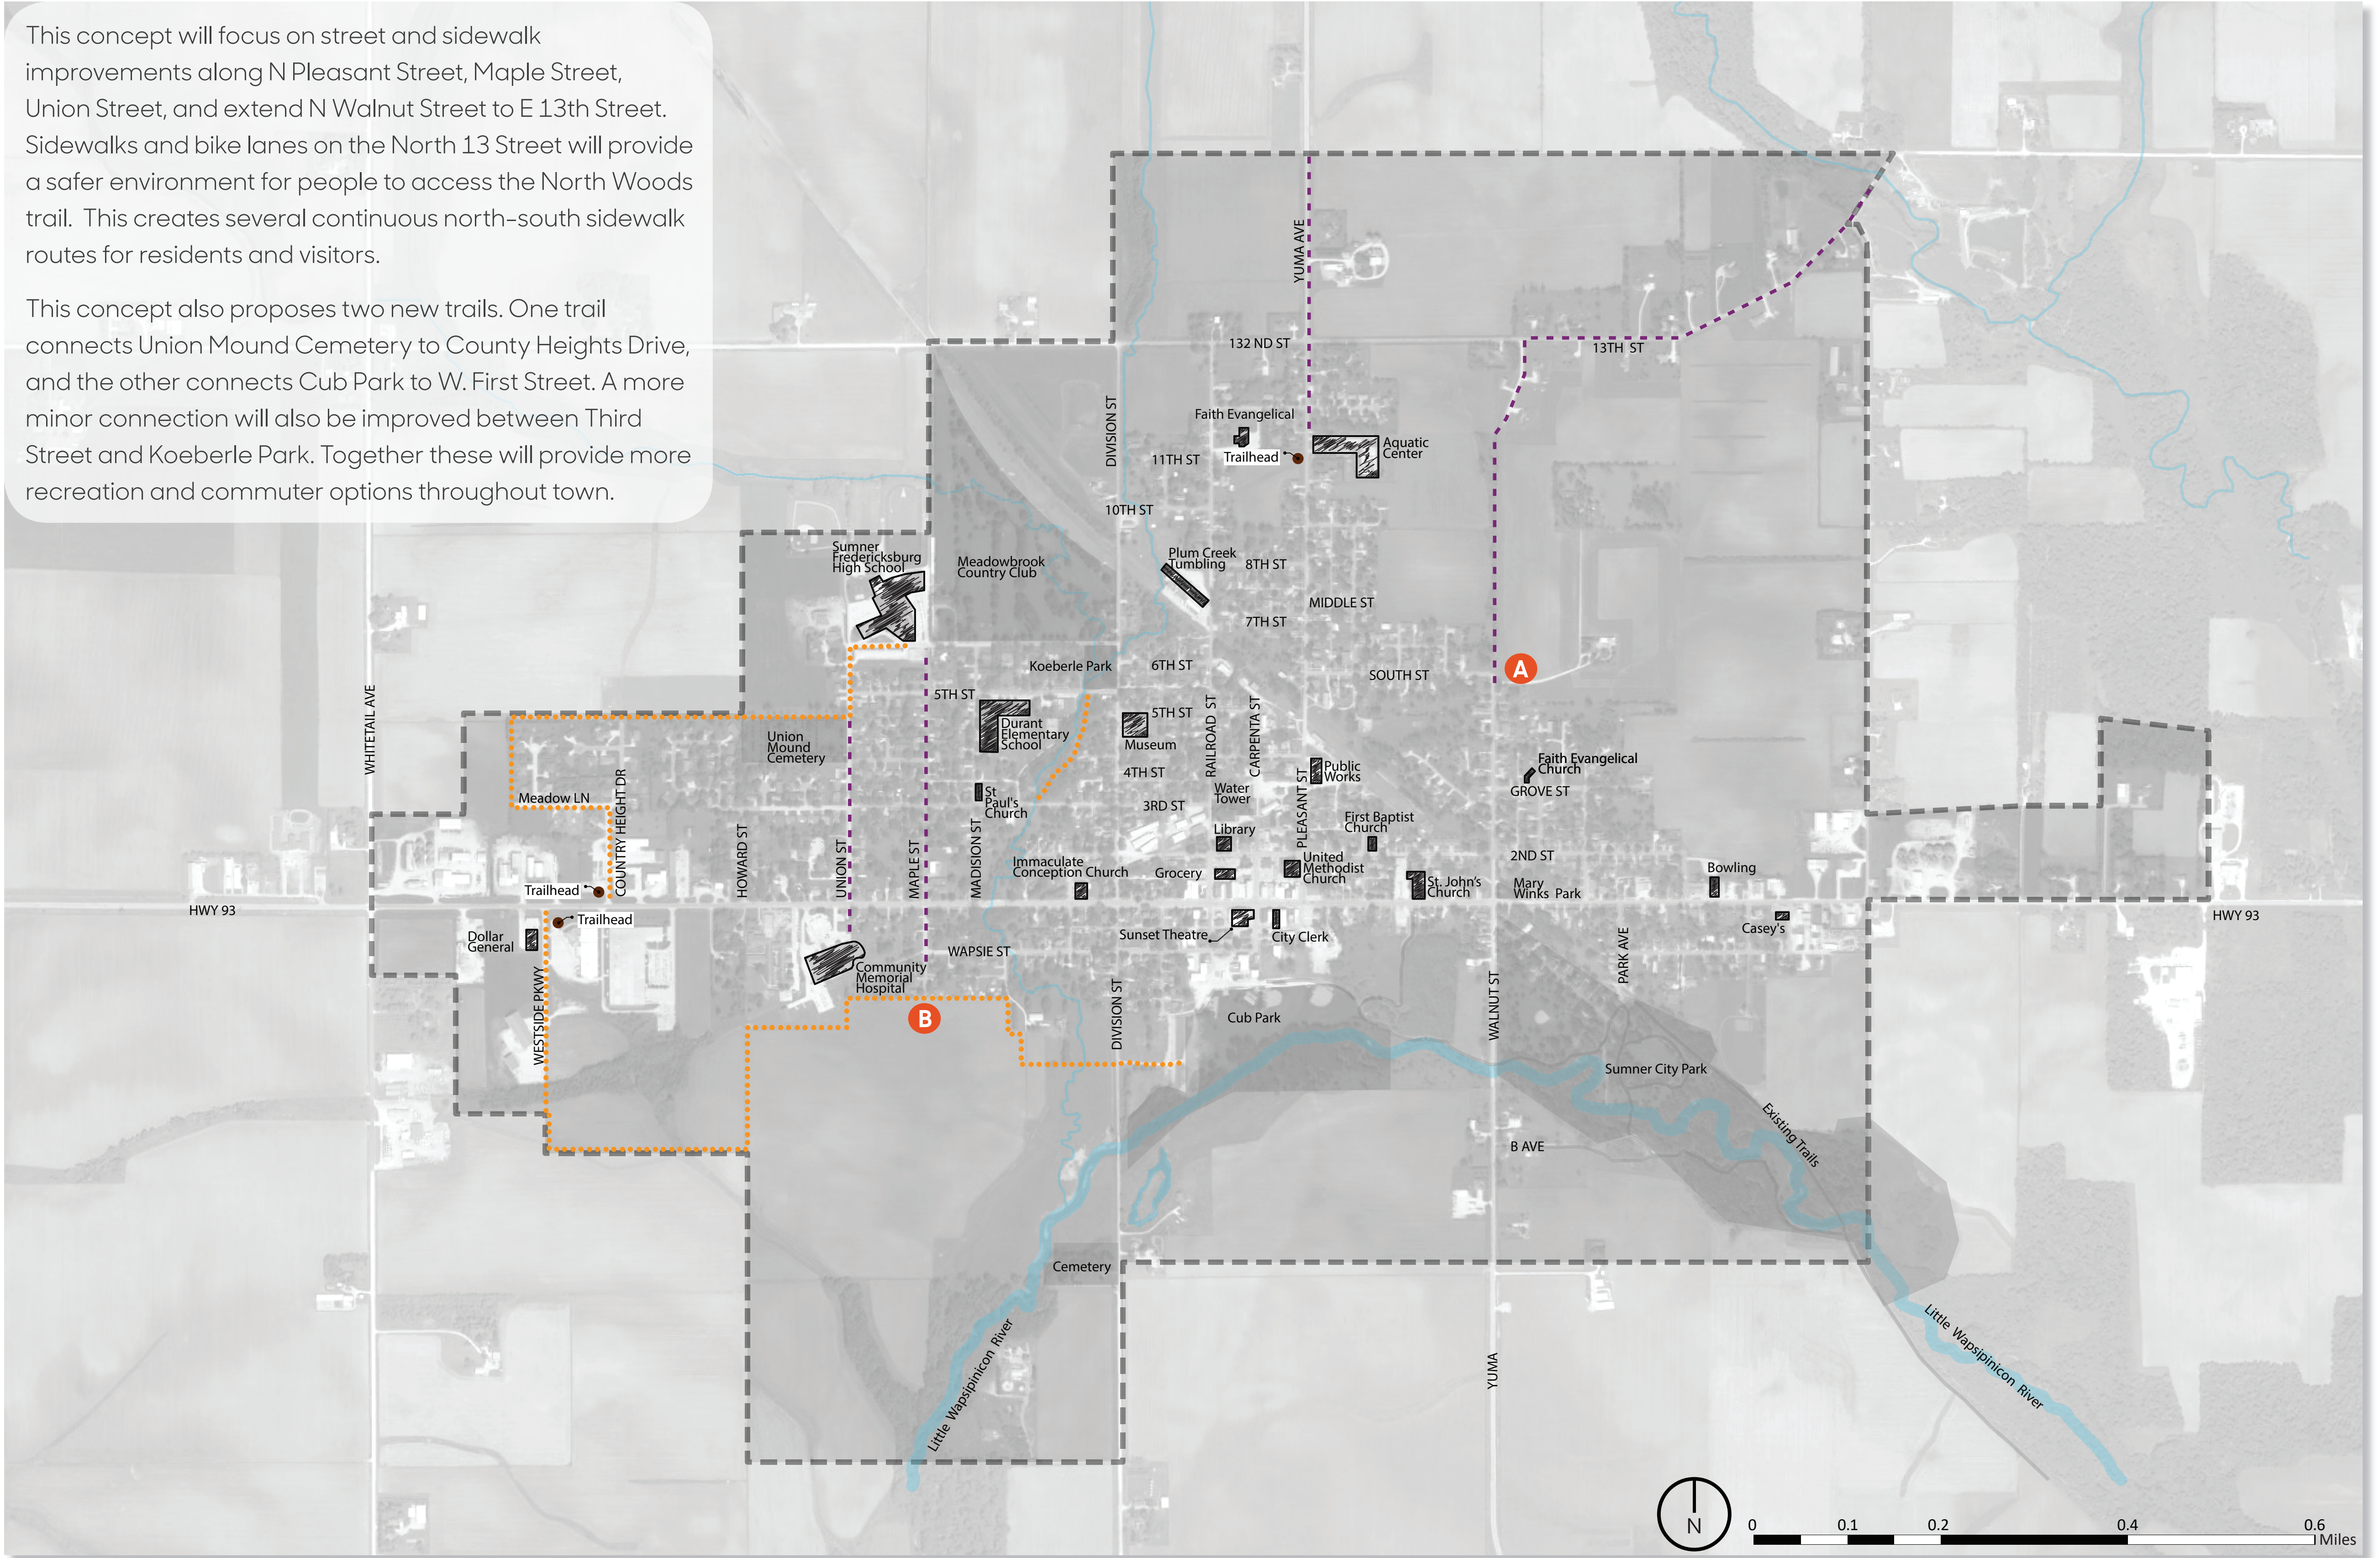

Road End of N Walnut Street

“There are parts of town where you will have 10, 12 blocks of sidewalks, and then you will have 4 with absolutely nothing, and then you will be back on sidewalk...”

This concept will focus on street and sidewalk improvements along N Pleasant Street, Maple Street, Union Street, and extend N Walnut Street to E 13th Street. Sidewalks and bike lanes on the North 13 Street will provide a safer environment for people to access the North Woods trail. This creates several continuous north-south sidewalk routes for residents and visitors.

This concept also proposes two new trails. One trail connects Union Mound Cemetery to County Heights Drive, and the other connects Cub Park to W. First Street. A more minor connection will also be improved between Third Street and Koeberle Park. Together these will provide more recreation and commuter options throughout town.

# Sumner Concept 3

**Mid-range Goals:**  
Trail Loop Connect to North Woods Trail, and Union/Maple St. Sidewalks
