

West Branch Community Visioning Steering Committee Meeting

February 16, 2022 4:30pm

Minutes

Survey

A West Branch-wide survey has been sent out and 109 received so far. Minimum was 100. If questions, people can still send stuff in. Deadline is unknown. Something that ISU processes so we don't know. Is listed on the Survey. Random sampling sent out in January and then another at the beginning of February.

Focus Groups.

Discussion of shared spreadsheet document between Paige and committee. Tiffany created a shared spreadsheet and sent it to the group. ISU cannot legally require masks so that's not something we can regulate if people are concerned. School focus groups will hopefully be that week too. That will be coordinated between Paige and Renee.

Need one or two people to volunteer to stay around after focus groups for another half an hour to direct ISU to photograph assets and barriers to travel. Roger and Melissa will do this.

There will be a sign-up form on the website. If needed, committee members may sign up participants if there are barriers. Important to make sure the right committees are signed up. Link will go live in the next couple days. Deadline will be the Monday before.

Focus groups set for **Mar 26, 2022**.

Maps

Historical maps were discussed in terms of how the development of West Branch was settled as well as how vegetation and water flow.

Next meeting, March 9, 4:30pm

Focus Group Check-in March 21

Focus groups, March 26th 9am-1pm
